Education

2021 – 2025

Completed

Bachelor of Engineering

Gujarat Technological University

Profile

Hey there! I'm Montu, a Computer Engineering graduate with a strong passion for software development and building scalable, real-world solutions. With a solid foundation in full-stack development and a mindset geared toward continuous learning, I'm driven to contribute meaningfully to innovative tech projects and collaborative teams.

Professional Experience & Leadership

Build CodeVarsha Community [🔗](#)

CodeVarsha, a dynamic tech community aimed at fostering collaboration, innovation, and skill development. Played a key role in developing and launching the official website, connecting students and professionals across colleges to participate in hackathons, workshops, and collaborative projects. Facilitated networking, mentorship, and career growth opportunities through curated resources and impactful events.

Projects

CodeVarsha [🔗](#)

I have provided the details of this project in the section above.

DevMap [🔗](#)

Detailed Roadmap: Discover our journey. Create Your Path: Design your own unique roadmap. Interactive Forum: Engage with our vibrant community.

BloodJunction [🔗](#)

Blood Donations: Contribute to saving lives. Requests: Easily request blood for urgent medical needs. Events: Participate in life-saving blood donation events. Blogs: Stay informed with our insightful articles. News & Community.

NeetHani [🔗](#)

A learning platform designed for NEET aspirants to access daily tasks, tests, topics, and rewards. Includes a powerful admin dashboard to manage syllabus, tests, and content efficiently.

AutoConsult [🔗](#)

A car marketplace platform where users can browse and list cars for sale with detailed info and images. Includes a full-featured admin dashboard to manage listings, users, and platform activity.

Hackathons

IISC, Bangalore

Cognavi Ascend Hackathon

Achive 5TH Rank all India

Nirma University

Nasa - SAC 2023

Achive 12TH Rank Globally

I have attended 10+ hackathons (both online and offline), reached the final round in 4+ national-level hackathons, and secured good positions in some of them and others.
